Stimulating the Adoption of Health Information Technology

David Blumenthal, M.D., M.P.P.

The recently enacted stimulus bill — the American Recovery and Reinvestment Act of 2009 (ARRA) — touches almost every aspect of the U.S. economy. Health care is no exception. In fact, the

about the privacy and security of electronic health information. HITECH addresses these obstacles head on, but huge challenges await efforts to implement the law and fulfill President Barack Obama's
